

# SMALL BUSINESS COR

## For employers with fewer than 20 employees

- The course is only **2-days of training** instead of the 6 day longer program
  - One day is an on-line course called Principles of Health & Safety Management (PHSM) – this course walks the student through understanding health and safety management systems and building a safety manual.
  - One day is classroom training designed to provide hands on experience in auditing and using the audit instrument.
- PHSM is a co-requisite with the one-day in class training.
- The audit document consists of two sections:
  - Health & Safety Program audit – must receive 80% to pass, and
  - An optional Return-to-Work audit element in the audit document and again 80% is required.
- Total assessment rate rebate from WorkSafeBC could be up to **15%**.  
Health & Safety COR rebate is 10%, Return To Work (RTW) is an additional 5%.
- For companies with fewer than 20 employees only internal audits are required every year to maintain COR. In the first year the Health & Safety manual must be submitted.
- Sector 72 will be reimbursed \$150 plus GST when COR certified

### WHEN:

Wednesday, April 15, 2010  
8:30 am – 4:30 pm

### WHERE:

1941 Kent Rd.
