

Fall Protection

Make Safety a Priority!

...Don't Wait for an ACCIDENT to happen!

This course is offered by the Fall Protection Group which is recognized around the world for its high quality.

7.5 hours of material with more practical exercises than most courses.

Participants will learn:

- fall protection fundamentals
- to identify most types of fall protection equipment & how it is used
- to calculate appropriate fall protection system setup
- methods of eliminating fall hazards
- components of fall arrest and fall restraint systems
- equipment specifications, limitations, care & inspection
- how to create a fall protection work plan
- the need for rescue planning and preparedness

Worth 1 Gold Seal Credit
